

## SIX FIRES STARTED WITHIN HALF HOUR

Chief Glore Believes Pyromaniacs Are Responsible for Blazes.

### SUSPECTS BEING WATCHED

#### POLICE PLACE YOUNG MEN UNDER SURVEILLANCE.

After the fire department had responded to six incendiary fires within half an hour early yesterday morning, Fire Chief W. H. Glore came to the conclusion that one or more pyromaniacs, commonly known as "firebugs," are actively at work in Salt Lake. The total loss from the six fires is estimated at \$8,000.

"In every instance," says Chief Glore, "evidence was discovered pointing conclusively to the fact that the buildings were wilfully set on fire, or caught fire from blazes started by firebugs. It is my opinion that the buildings were fired by someone with a mania for seeing buildings burn, and watching the department dash through the streets."

"Through information we have received, two young men about 25 years of age may be held responsible. They had been seen about the buildings before the fires started. Their descriptions have been turned over to the authorities, and the suspects will be watched. I expect that arrests will be made within a day or two."

The fires began at 2:45 o'clock yesterday morning with a blaze in the machine shop of C. P. Hutchinson, 62 South Second West street. The fire had been started in a heap of excelsior and rubbish stacked up against the building. A loss of \$800 to the building and \$4,000 to contents resulted.

The fire department had hardly begun to make headway against the flames before another call came in from the Co-operative blacksmith and carriage shop, 43 West Fourth South street, of which A. Trappman is proprietor. The loss, including building and contents, is estimated at \$1,600.

The barn of Bailey & Sons, rear of 531 South First West street, next caught fire, and before the arrival of the fire department seven horses were burned to death. Total loss is estimated at \$1,250.

The residence of J. H. Bailey, Jr., less than fifty feet from the barn, caught fire at about the same time, but the flames were extinguished before

the damage had caused a loss of more than \$50.

The residence of William Young, 533 South First West street, was damaged to the extent of \$75. A building adjoining the residence of E. A. Barker, rear of 535 South First West street, was entirely destroyed, the fire having been started from flames leaping from the barn of Bailey & Sons. It was valued at \$225.

The Salt Lake Rapid Delivery Service company, capital stock, \$1,000, in shares of \$1 each. Edmund Curtin is president; R. E. Munsey, vice president; and F. G. Carr, secretary and treasurer, and the officers are also directors.

### RILEY IS NOT SENTENCED.

Fassell Murderer Is Given Until July 20 to Prepare Papers.

James Riley, who was convicted of the murder of George W. Fassell on the night of March 26, appeared for sentence before Judge T. D. Lewis yesterday morning. James D. Pardee, attorney for Riley, asked for a continuance in order to prepare a motion for a new trial, and he was allowed until 10 a. m. of July 20, when the motion will be presented. In case the motion is denied, Riley will have his choice between shooting and hanging as the means of his execution. In granting the continuance, Judge Lewis said that he intended to take his vacation beginning about July 24.
